

FIND ME AT NIGHT markets the **lights@nights** brand of high quality, environmentally friendly SOLAR powered LED lighting products in New Zealand and Australia.

FIND ME AT NIGHT key products are:

- Solar Powered House Number Lights
- Solar Powered Letterbox / Mailbox Lights
- Solar Powered Memorial Lights
- Solar Powered Camping Lights
- Solar Powered Garden Lights
- Solar Powered Marine Lights

FIND ME AT NIGHT products are fitted with automatic daylight sensors that turn the white LED lights **ON** at dusk and **OFF** at dawn. The performance of **FIND ME AT NIGHT** products depends on the availability of sunshine to recharge the batteries. As a guide a full charge will operate the solar light for up to 10 hours. The white LED's are designed to last for more than 100,000 hours and really stand out at night.

FIND ME AT NIGHT products are supplied with three sets of self adhesive numbers 0-9 & ABC&D that allow you to customize your own house /apartment street number.

FIND ME AT NIGHT products are sold with a twelve month manufacturers replacement warranty.
